

JUNIOR BUSHCRAFT LIFE SKILLS

The Australian Curriculum: Science with content elaborations linked to the Aboriginal and Torres Strait Islander Histories and Cultures cross-curriculum priority (in blue)

FOUNDATION

SU Biological sciences

Living things have basic needs, including food and water (ACSSU002)

- [recognising how Aboriginal and Torres Strait Islander Peoples care for living things](#)

SHE Nature and development of science

Science involves observing, asking questions about, and describing changes in, objects and events (ACSHE013)

- [recognising how Aboriginal and Torres Strait Islander Peoples gain knowledge about the land and its vital resources, such as water and food, through observation](#)

YEAR 1

SU Biological sciences

Living things have a variety of external features (ACSSU017)

SU Chemical sciences

Everyday materials can be physically changed in a variety of ways (ACSSU018)

- [exploring how Aboriginal and Torres Strait Islander Peoples apply physical changes to natural materials to render them useful for particular purposes](#)

YEAR 2

SU Earth and space sciences

Earth's resources are used in a variety of ways (ACSSU032)

- [considering how Aboriginal and Torres Strait Islander Peoples live in regions with scarce resources or in sensitive environments](#)

SHE Nature and development of science

Science involves observing, asking questions about, and describing changes in, objects and events (ACSHE034)

SHE Use and influence of science

People use science in their daily lives, including when caring for their environment and living things (ACSHE035)

- [investigating how Aboriginal and Torres Strait Islander Peoples use science to meet their needs, such as food supply](#)

YEAR 3

SU Biological sciences

Living things can be grouped on the basis of observable features and can be distinguished from non-living things (ACSSU044)

SU Chemical sciences

A change of state between solid and liquid can be caused by adding or removing heat (ACSSU046)

SHE Use and influence of science

Science knowledge helps people to understand the effect of their actions (ACSHE051)

- [researching Aboriginal and Torres Strait Islander Peoples' knowledge of the local natural environment, such as the characteristics of plants and animals](#)
